JOHN SLISKOVIC WINS ACCOUNTANCY AWARD

John Sliskovic came to Concordia University in 1979 as a potentially good hockey player and an excellent student. The Thunder Bay, Ontario native was awarded an academic scholarship to the University for his prior high school achievements and set out to earn a position on the powerful Stinger Varsity hockey team.

Over the next four years, John developed into one of the finest two-way hockey players ever to play for the Stingers.

He capped his brilliant University hockey career with a 31 goal - 70 point performance last season.

Upon graduation John, an honours student, was awarded the Ross Medal for Accountancy. He currently holds a position with the firm of Peat-Marwick in Toronto.

John Sliskovic joins former Concordia (Loyola / Sir George) hockey All-Stars such as Jim Corsi and Bernie Wolfe who combined athletic achievement with academic excellence.
